

Crafty Housewife Yarns

Boldly Traditional

Bourbon Tasting Fingerless Gloves

Handspun Yarn Suggestion: This pattern is designed to be a great stash buster. I love to spin and I love buying yarn when on vacation so I end up with random skeins. You can use either approx 80 -90 yards of bulky weight handspun yarn or use two strands of yarn held together like I did in the picture. I used one strand of handspun Corriedale natural brown worsted weight yarn and one stand of a mill spun indie dyed worsted weight yarn. Approx 70 yards of each held together. I started with one of each skein of the worsted and used about half of each skein to complete this set of gloves. The were both 4 oz skeins.

My suggested yarns would be solid colors from " The Corriedale Collection" found at www.domesticatedengineer.com/yarn/ used with a mill spun indie dyed yarn of our choice.

or you could mix it up and use a brightly colored handspun like our yarns found at www.cocoonhomespun.com/up-to-worsted-weight They also have some great Bulky options if you just wanted to use one yarn. Then you could use a natural colored mill spun from your stash or fav. LYS

As always please check out www.craftyhousewifeyarns.com/handspunshop we have worsted and bulky in stock as well.

If you think you're going to run short on yardage if using stash yarn just make the cuff part shorter.

Needle size : size 9 needles Double pointed is what I like some people prefer circulars.

Gage: 18-20 st per 4 in

Size: women's gloves

Skills needed: cast on, make one, knit stitch, , knit together, stretchy bind off, knit and purl

yo - yarn over

m1 - make 1

P- Purl

Pattern support:

I would highly recommend blocking your handspun gloves. Always use cool water to wet and then lay flat to dry in the desired shape. If your yarn has very bright dyes it's always wise to lay flat to dry on an old towel or something similar the first time you block to avoid any color transfer, just like those cool dark wash jeans. Always hand wash in cool and lay flat to dry

Let's get started
