It's our 6th annual CHY Shop Small Catalog.. Those of you who have been around a while know that we never do a "Black Friday Sale" instead I really like to feature some of my favorite places to shop small online with my friends. This year I really wanted to highlight not just some of my favorite places to buy things but also some of my favorite artist and farmers to work with. Also always if you'd like to know more about being promoted with our My Local Wool Inactive ( now found on the CHY site) Please contact Jennifer
